

Remarks

It is observed that the Examiner still rejected claim 28 as being anticipated by Danielson (US-6,049,813).

It is also observed that the Examiner considered claims 55-131 as being allowable.

The Examiner indicated that claims 55-132 are allowable. However, claim 132 is not pending, the last claim being claim 131.

In view of the above, the applicant has cancelled claims 28-54 and thus the only pending claims are now claims 55-131.

Allowance of the pending claims is respectfully requested.

It will be noted that a sincere effort has been made to positively respond to all of the points raised by the Examiner.

While it is believed that the amended claims properly define the present invention, applicant would be open to any suggestion the Examiner may have concerning different claim phraseology which, in the Examiner's opinion, more accurately defines the present invention.

Respectfully submitted,

Guido MODIANO (Reg. No. 19,928)
